Capital Market Review

Second Quarter 2014

- Despite a revision to US Q1 GDP growth to an annualized -2.9%, less uncertainty over the outlook for Federal Reserve monetary policy and subdued volatility led to a robust second quarter for the S&P 500, which rose 5.2%.
- The US Treasury yield curve flattened as shorter-term rates were relatively steady and benchmark 10-year yields fell 20 basis points.
- With investors continuing to reach for yield, lower grade corporate debt outperformed. US BAA-rated securities returned 3.4% during the second quarter.
- New easing measures introduced at the European Central Bank's June policy meeting, including negative deposit rates and targeted long-term refinancing operations to boost bank lending, led to a 2.1% rise in Europe ex-UK equities in the second quarter.
- The MSCI Emerging Markets Net Return Index rose 6.6% during the second quarter as fears over sooner-than-expected Federal Reserve tightening diminished and geopolitical risk remained subdued.
- The State Street Investor Confidence Index® (ICI) measures risk appetite by analyzing buying and selling patterns of institutional investors. With confidence remaining robust among North American and European institutions but falling among Asian institutions, the Global ICI decreased 0.8 points during the quarter to 119.5, remaining significantly above the neutral level of 100.
- For the period ending 6/30/14, the one quarter returns for, respectively, the NAREIT Equity index and the NCREIF Property index (one quarter lag), were 7.0% and 2.7%; one-year, 13.2% and 11.2%; three-year, 11.8% and 11.7% and five-year, 23.5% and 7.9%.
- US REITs had a strong Q2 as the US economy rebounded with improving demand. All property sectors did well, reflecting the increased economic activity and job growth.
- Global real estate stocks also did well in the second quarter, with Europe's markets generally reacting positively to bond yields as well as economic stimulus announcements. Asia Pacific turned positive after having a difficult first quarter.
